

clear solutions Inc. 4 Tier Slatwall Cascade Assembly

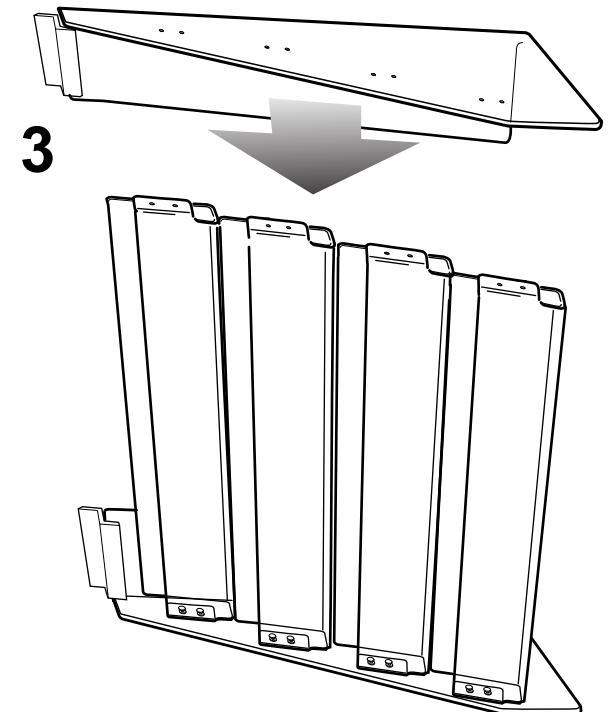

Tools Needed: flat screwdriver or thin coin (a dime works best)

1, Locate and Identify all parts:
4 shelves, 2 side panels, and 16 binding
screw and nut sets.

2, On a clean flat surface, install the
shelves. Line up the holes of one side
panel with the holes in the shelves. Note
the tall side of each shelf faces the back of
the unit. Loosely attach each shelf to the
side panel with the binding screws and nuts
provided.

3, Attach the second side panel to each
shelf. Turn the shelf unit upright and adjust
shelf angles. Check for square before
tightening screws until just snug.
